

# GARGI RICHHARIYA

## Full-Stack Developer

[gargirichhariya4@gmail.com](mailto:gargirichhariya4@gmail.com) | [+91-70246-08559](tel:+91-70246-08559) | [Portfolio](#) | [LinkedIn](#) | [GitHub](#) | [LeetCode](#)

## PROFESSIONAL SUMMARY

Full-Stack Developer (MERN) with strong UI/UX design instincts, experienced in taking web applications from Figma wireframe to deployed product. Comfortable owning the full build — component-based React interfaces, REST APIs with Node.js/Express, and MongoDB data modeling — while keeping usability and performance front of mind. Solid CS fundamentals (DSA, OOPs, 100+ LeetCode) and hands-on exposure to API integrations and cross-platform workflows in a live engineering team. Immediate joiner, ready to contribute from day one.

## PROFESSIONAL EXPERIENCE

### Integration Solutions Engineer

Apr 2026 – Jul 2026

Walkover Web Solution

Indore, India

- Built and maintained REST API integrations across multiple internal and partner platforms, ensuring reliable, low-latency data flow.
- Designed scalable integration workflows and automation scripts that reduced manual intervention in cross-platform data sync.
- Worked closely with cross-functional engineering teams to debug integration failures and harden backend communication reliability.

### Frontend Developer Intern

Sep 2025 – Oct 2025

Intelliatech Solutions Pvt. Ltd.

Indore, India

- Shipped responsive, production-ready web applications using React.js and Tailwind CSS, ensuring consistent UI across screen sizes and browsers.
- Architected reusable, scalable React components that cut duplicate code and accelerated new feature development.
- Connected frontend applications to Node.js and MongoDB backends, enabling seamless, real-time data flow end-to-end.
- Delivered features within Agile sprints, incorporating code review feedback and iterating quickly on requirement changes.

## PROJECTS

### Rental Car Booking Platform (React.js, Node.js, MongoDB) — [GitHub Repo](#)

- Built a full-stack, responsive vehicle rental application with a React.js frontend and a Node.js/Express backend.
- Designed an intuitive booking flow and car-listing UI with reusable React components, reducing navigation steps for users.
- Modeled and integrated MongoDB (Mongoose) for structured vehicle and booking data, optimizing frontend performance.

### HRMS — Human Resource Management System (React.js, Node.js, Express.js, MongoDB) — [GitHub Repo](#)

- Built a full-stack HRMS web application with role-based login (Admin/Employee) for managing employee records, attendance, and leave requests.
- Designed clean, intuitive admin and employee dashboards in Figma before development, focusing on usability and clear information hierarchy.
- Developed RESTful APIs with Node.js and Express.js for CRUD operations on employee, attendance, and leave data, backed by MongoDB.
- Implemented dynamic leave-approval workflow and attendance tracking, reducing manual HR record-keeping effort.

### NotifyBuddy — Reminder App Redesign (UX/UI, Figma) — [Figma Prototype](#)

- Redesigned core user flows to improve task clarity and reduce user friction points.
- Developed interactive prototypes showcasing improved navigation, notification interactions, and visual hierarchy.

## EDUCATION

### Bachelor of Technology in Computer Science Engineering

2022 – Apr 2026

SAGE University

Indore, MP

Senior Secondary (82%) & Secondary (78%) — Swami Vivekananda Academy, Gwalior, MP | 2019 – 2022

## TECHNICAL SKILLS

**Languages & Frameworks:** JavaScript, HTML5, CSS3, React.js, Node.js, Next JS

**Styling:** Tailwind CSS, Bootstrap, Responsive/Mobile-First Design

**Databases:** MongoDB (Mongoose), SQL, DBMS Concepts

**Tools & Platforms:** Git, GitHub, VS Code, Figma, REST APIs, Vercel, Viasocket

**UI/UX Design:** Wireframing, Prototyping, User Flow Design, Figma-to-Code, Responsive Design

**Core CS:** Data Structures & Algorithms, OOPs, Problem Solving (100+ LeetCode)

**Methodologies:** Agile, SDLC

## CERTIFICATIONS

- Database Management Systems — NPTEL (Jan 2024 – Mar 2024)
- Data Structures Using Java — NPTEL (Jul 2024 – Oct 2024)
- Introduction to Operating Systems — NPTEL, Score: 54% (Jul 2024 – Sep 2024)
